

Welcome home to Riverside Terrace.

Imagine a place where you can get the care you need in a comfortable, secure, private living atmosphere. A place where every window has a picturesque view and every staff member is there to lend a helping hand.

That place is Riverside Terrace.  Riverside Terrace, a Residential Care Apartment Complex (RCAC), has private one- and two-bedroom apartments and offers assistance with nursing and daily living activities to its residents. An RCAC provides a more comfortable atmosphere than a Community Based Residential Facility, where there are normally semi-private rooms and shared bathrooms.  As the only RCAC in the Stateline area, Riverside Terrace offers residents a distinct living advantage.

If you're looking for a level of ongoing care, yet still cherish your privacy and independence, consider making Riverside Terrace your new home.
